

## Twin Tales

In this book, two twin sisters are alike but very different. They have different foods that they like, different colors, and much more. Can you guess in what other ways twins can be distinguishable?

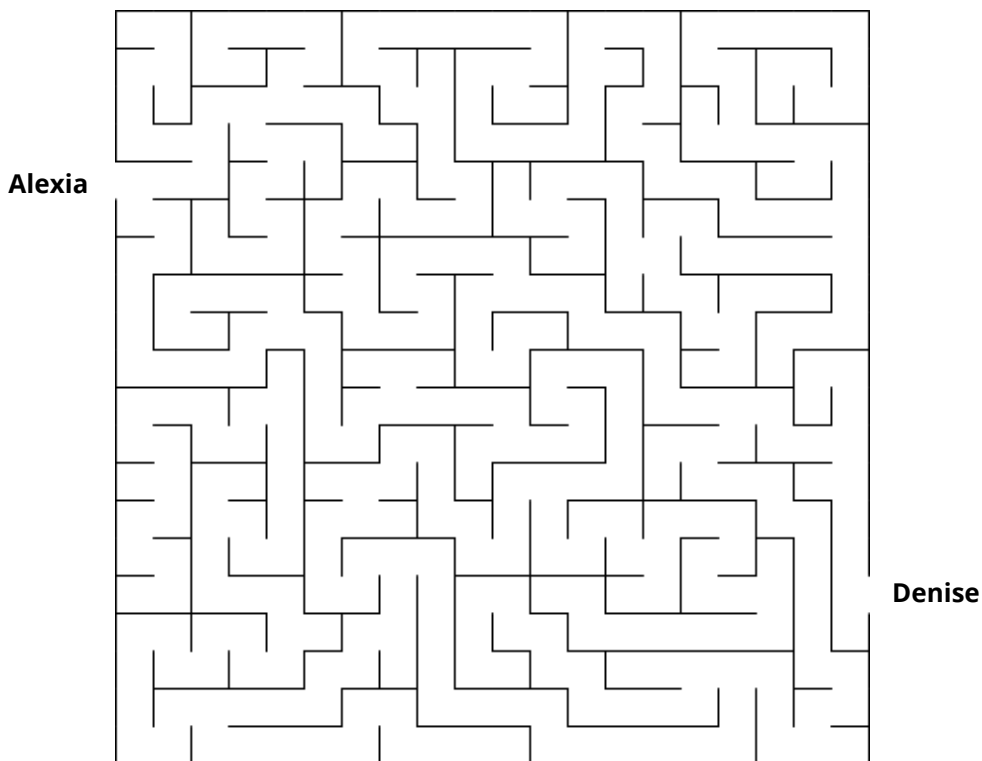

### Questions:

Answer the following questions. There is no right or wrong answers because they are yours. Use the back of this sheet or an extra sheet of paper if you need more space for answers.

1. Do you have a Twin, Sibling or Best Friend?
2. What do you like that is different from them?

### Activity:

*Maze:* Help Alexia and Denise find their way back to each other by drawing a clear path from the beginning (Alexia) of the maze to the end (Denise).

## Twin Tales

### Answer Key

Maze
